Avvoka

Avvoka is a contract automation, live-negotiation and analytics platform for busy legal and commercial teams.

Office & Dragons

O&D lets you edit an entire set of transaction documents at once and import data from client spreadsheets. Automatically runs redlines, renames files and syncs to iManage DMS.

Monax Platform

End-to-end contracting platform for businesses focusing on the idea that contracts should be a first class citizen of a digital enterprise rather than pieces of paper that are signed and forgotten.
